Geneseo, New York 14454

Dear Mr. Hicks:

This will confirm my recent telephone conversation with a member of your staff regarding the exhumation of who died April 29, 1947 (Temple Hill Cemetery).

We have on hand signed permission forms from the brother and sister of [redacted] [redacted] er two nearest-of-kin ([redacted] of Rochester, New York, and Mrs. [redacted] of Arizona). I would appreciate receiving from you at your earliest convenience an estimate of the cost of exhuming Miss [redacted] remains and shipping them by air to:

Mr. Joseph E. Farnham
Center for Human Radiobiology
Radiological and Environmental Research Division
Argonne National Laboratory
9700 South Cass Avenue
Argonne, Illinois 60439

According to Cook County, Illinois, regulations, the Ziegler case must be sealed prior to shipment to O'Hare Airport, Chicago.

The undertaker who will handle the arrangements on the Illinois end is

Mr. Victor Markiewicz
Markiewicz Funeral Home
108 Illinois Street
Lemont, Illinois (312-257-6363)

Since our studies, which are sponsored by the U. S. Atomic Energy Commission, take a number of months it will be necessary to close the grave once the remains have been removed, and to reopen it when the remains are returned for reburial.

We hope that your charges and those of the cemetery can be kept to a minimum since, as you probably know, government research funds are quite limited these days.

Upon receipt of your estimate of the cost of this exhumation we will notify you of its acceptance and we will want to arrange in advance the date for the work to be done since one of our staff will be present at the time of the exhumation.

Please address your reply to me at the address given at the bottom of the first page of this letter.

Sincerely yours,

s
